TRANSLATION VERIFICATION STATEMENT

The following is the title of the English text which was translated from German:

Utilization of Lipopeptides or Lipoproteins in Wound Treatment and Infection Prophylaxis

I hereby certify that, to the best of my knowledge, the English version of this document represents an accurate translation of the original German document provided, that the translation was prepared by a person who is knowledgeable in both English and German languages, received scientific training in both languages, and has extensive experience in translating. The translation was also proofread by a person with similar qualifications.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true.

Notice: Only accuracy of translation is guaranteed. Quest Technology, Inc. makes no representations or warranties as to the accuracy, legality or content of the source text. Liability on the part of Quest Technology, Inc. for any errors or omissions is hereby limited to the value of the services rendered.
